PROFILE

Curious, Web-Passionate full stack developer, eager to take part in this changing web. Well-versed in numerous concepts of Front-end Languages and Frameworks (HTML, CSS, JavaScript), Strong background in NodeJS, ExpressJS, Database Management Systems (MySQL, PostgreSQL and MongoDB), excellent in version control systems (Git and GitHub,) and have a good understanding in web hosting platforms. seeking for a community where I can be able add value to the web using my skills. I would jump to any opportunity and continue to increase my skillset.
